

K-LOVE provides news of happenings in my community as well as world news on issues that I, as a Christine, need to be kept informed of. If K-LOVE is no longer received in my listening area, there would be no replacement for good clean Christian music or radio station. K-Love serves the community by reaching people's hearts. That is where a change for good comes from, one person at a time. Whenever I have needed up-lifting, K-Love has been there.
